

ANNUAL SAPRIN CONFERENCE 2025

CALL FOR ABSTRACTS **EXTENDED TO 5 MAY 2025**

ABOUT SAPRIN

The South African Population Research Infrastructure Network (SAPRIN) is a national research infrastructure comprising seven Health and Demographic Surveillance System (HDSS) nodes (4 rural and 3 urban). SAPRIN is funded by the Department of Science, Technology and Innovation (DSTI) and hosted by the South African Medical Research Council (SAMRC). SAPRIN forms part of the DSTI's strategy to enhance research capacity in the country, through the South African Research Infrastructure Roadmap (SARIR).

THE CONFERENCE

This conference aims to bring together scientists, role players and stakeholders in the population science field to enhance research capacity, build capacity, promote collaborative networks, foster interdisciplinary approaches, showcase research and dynamic data utilisation.

The conference will have addresses by pertinent speakers, plenaries, parallel sessions, a site visit to a SAPRIN HDSS node and showcase a community engagement initiative.
